MEMORANDUM FOR: Executive Director-Comptroller

Last December you approved a procedure under which presentations to Office of Training courses by non-Agency speakers are monitored, and any statements or incidents considered to be of interest to the Office of the Director are reported. Since that time, two individual reports have been submitted. They are described in paragraph 1 of the attached memorandum.

In order to obtain a better feel for the numbers and types of speakers whose presentations are not individually reported, I asked the Director of Training to prepare a report of those who appeared before Agency audiences during December and January. I believe you will be interested in reviewing the report which is attached.
